

Salt Dough Ornament

Supplies:

- 2 cups plain flour
- 1 cup salt
- 1 cup water
- 2 tsp ground ginger
- 2 tsp cinnamon
- 2 tsp ground clove
- 2 tsp nutmeg

Directions:

1. Mix the flour, salt, and spices (optional – you can use one spice or all four listed above).
2. Then, slowly add the water until you have a workable piece of dough. You don't want it to be goeey and sticky, so start with a little bit less water and add more if needed. The dough should be close to the consistency of play-dough.
3. Roll out the dough and cut out the desired shape that you want for your ornaments. If you are hanging the ornaments, you will need to use a skewer, straw or something to create the hole for your string.
4. Place the ornaments on a baking sheet and put in the oven at the lowest temperature possible.
5. Bake the scented salt dough ornaments for 1 hour, then, flip them over and bake another hour.
6. Lastly, remove them from the oven and allow to cool. Then, be creative because you can leave them plain, paint them, create a garland, tie them on packages or simply use as ornaments.
